EX LIBRIS

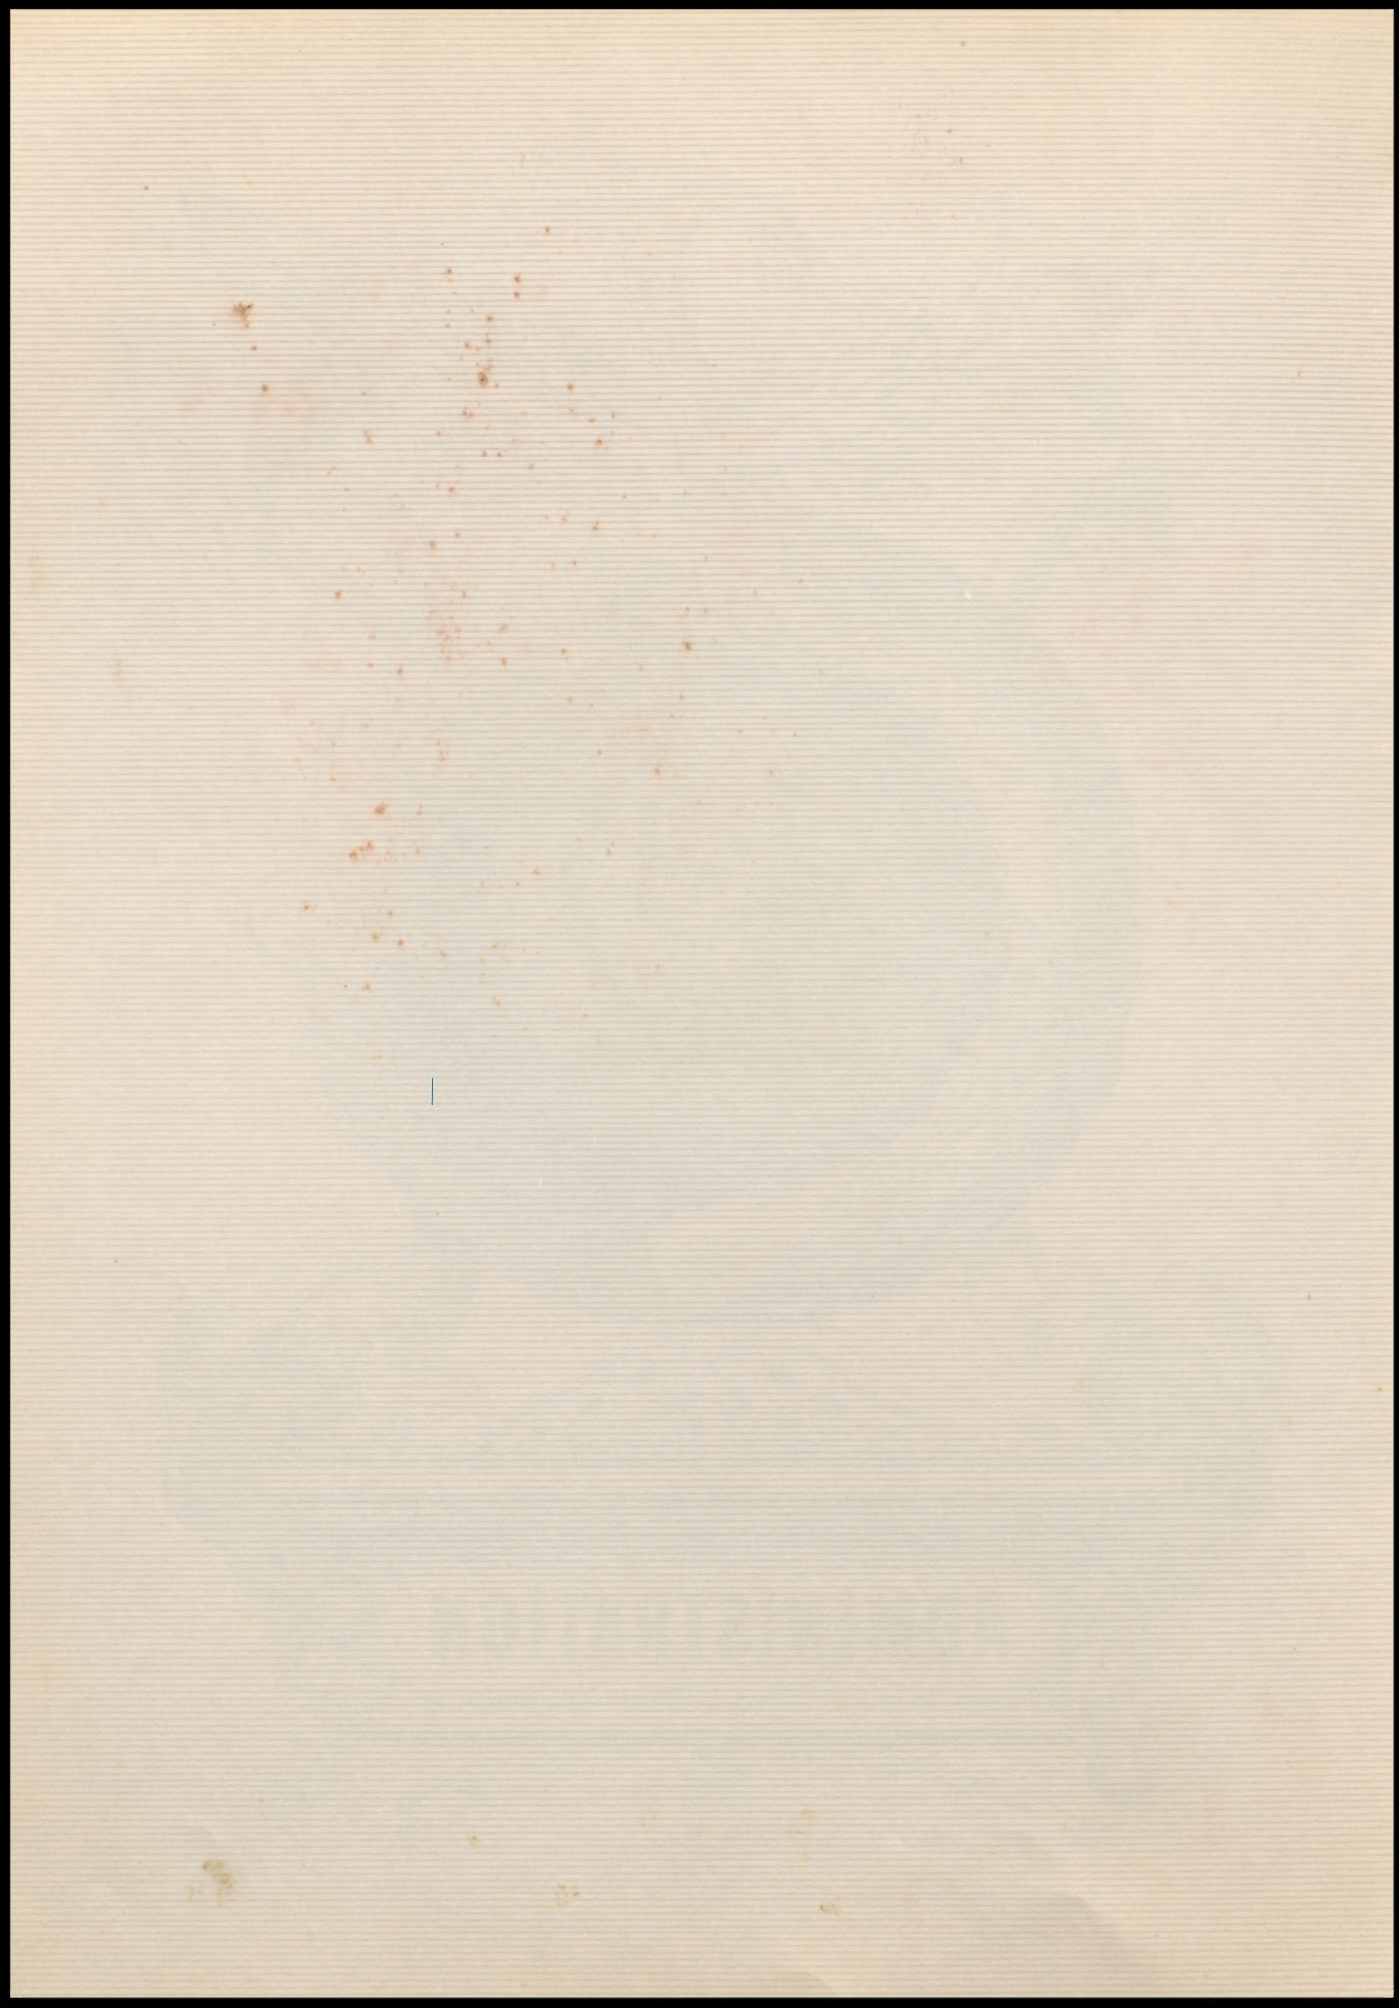

HATS OFF

We, the Senior Class of 1951 dedicate the K-Echo to Mr. Milosevich, our coach and English teacher, who we think deserves recognition for helping the baseball and basketball team to get such a fine start before he was called into the service of our Country.

Senior Class Will

We, the class of 1951, in the town of Kenney, the county of De Witt, the state of Illinois, being in a good mental condition as usual, and in much better temper than we usually are, do hereby make this, our last will and testament, rendering void any former will or wills that may have been previously made by us during a period of temporary optimism.

And now in this manner we will bequeath and bestow our possessions to the following under-privileged.

We give and bequeath to the Junior Class our good luck, all of our privileges as Seniors in the class rooms, all of our well-known nerve, which they will need next year, and all the examination questions we have been given during the past year. The answers, never turned in entirely, have long since been mislaid by us and are not included in this legacy.

Gene Carlson wills his Swedish accent to anyone who can pick it up and his fast Chevie to Mary Cutright.

Mary Mills wills her ability to break dates to Duane Aughenbaugh and her ability as a basketball referee to Myrna Cunningham.

Betty Wurth wills her clothes and money to Betty Jo Burns and her determination to get her man to Janie Abbott.

Bob Monts wills his ability to sleep in History class to Bob Humphrey and all his tall tales to Mary Ellen Hildreth.

Joyce Martin Simpson wills her ability to tell jokes to Jill Johnson and her ability to get along with people to Sharon Brady.

Wesley Spencer wills his ability to slay women to Pete Scott and his catching on the baseball team to Sonny Robinson.

Jo Ann Todd wills her ability to get Bookkeeping to Bill Meadows and her popularity to John Hunt.

Raymond Peters wills his ability to get History to Wayne Poston and his ability as a basketball player to Don Hoff.

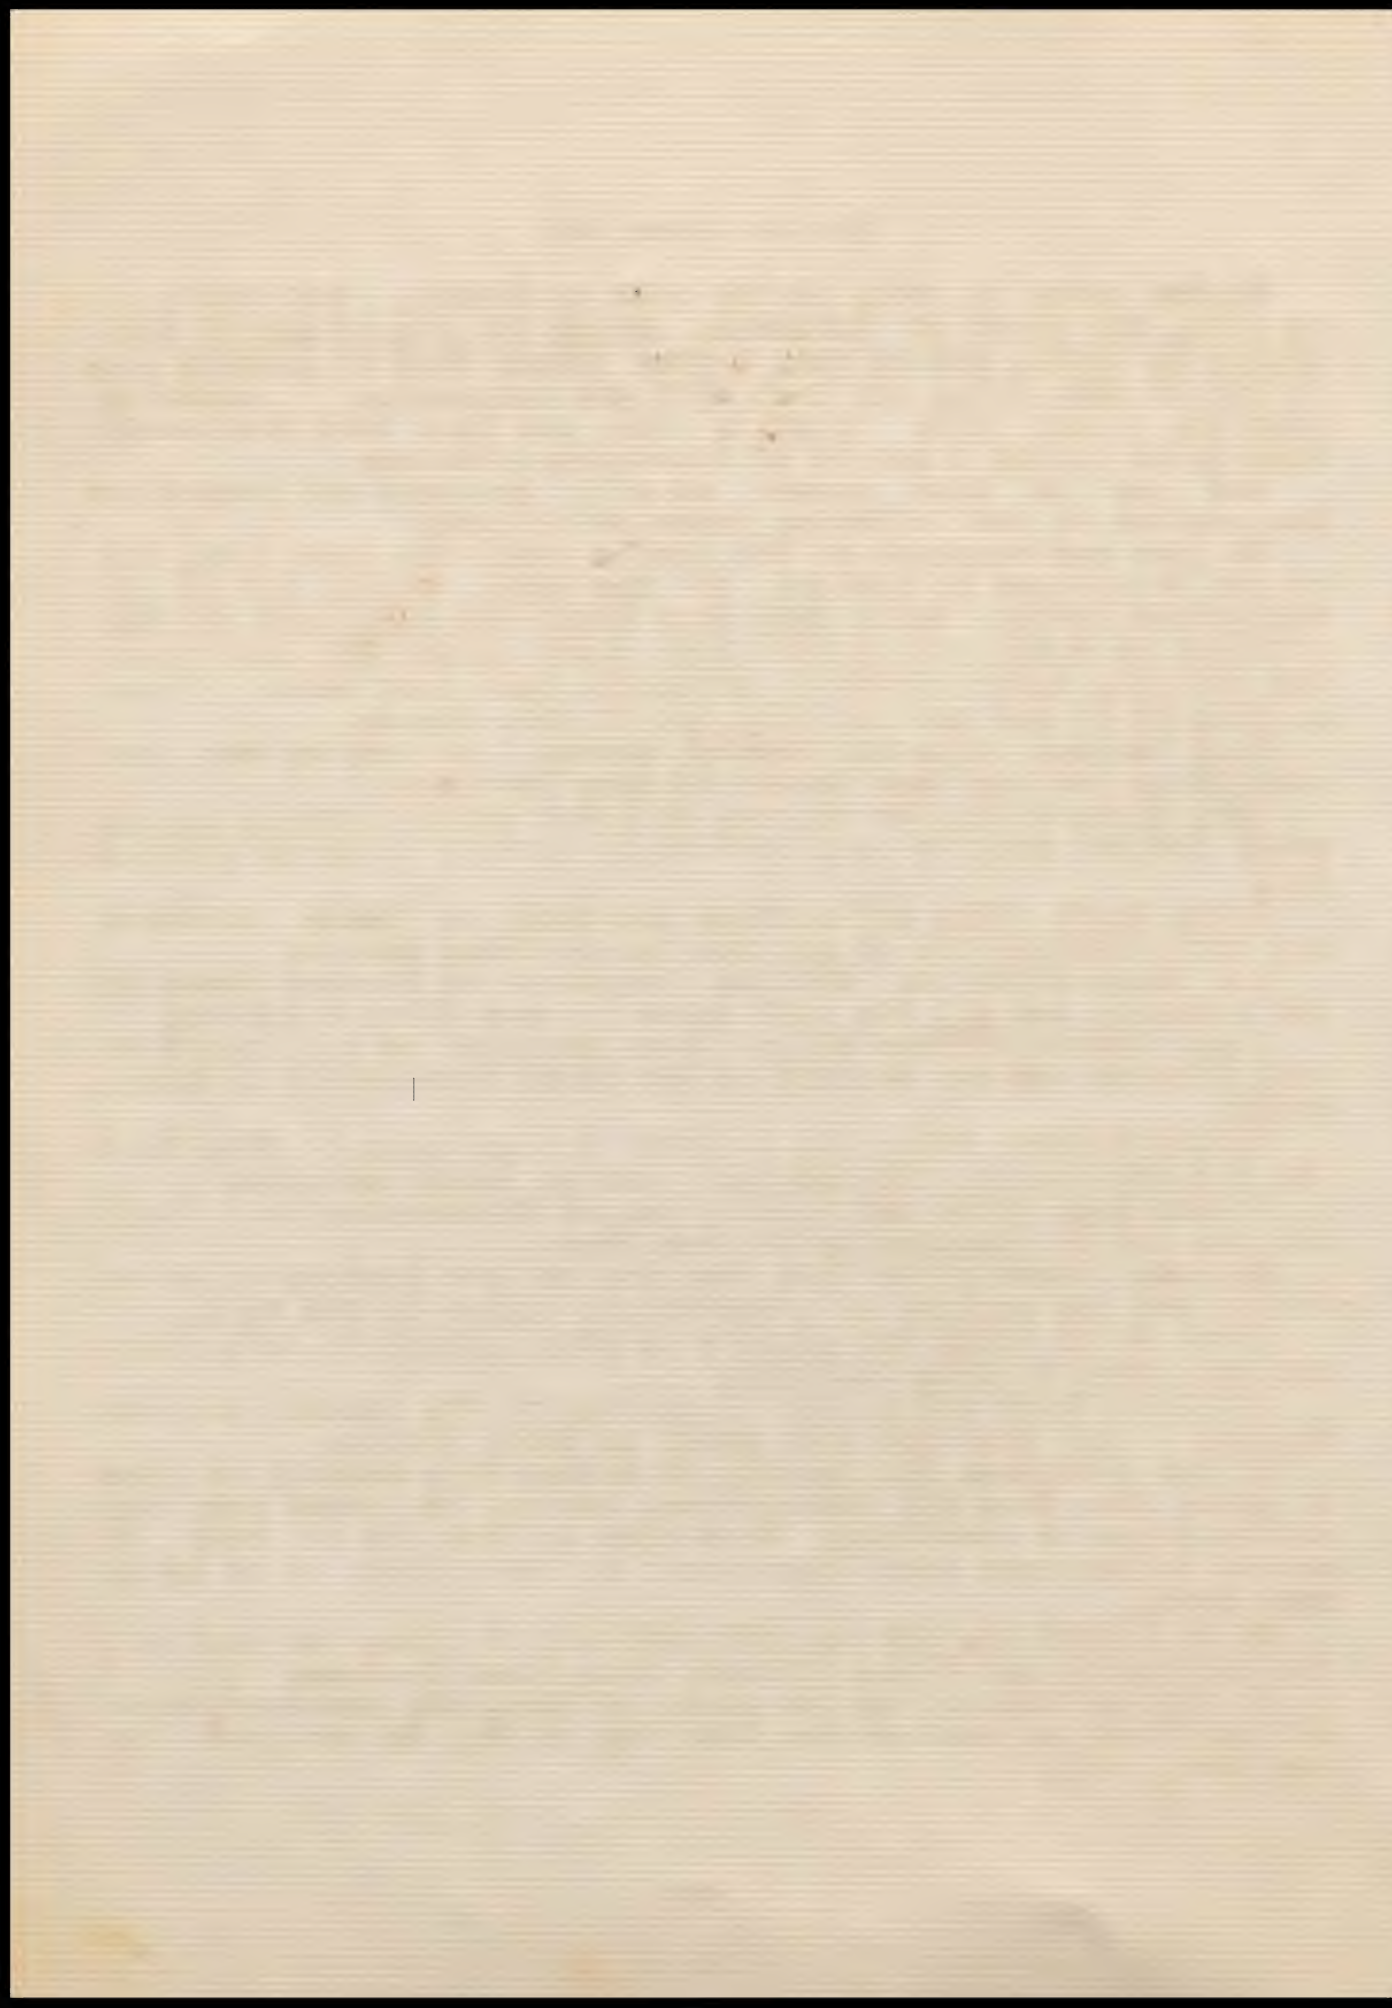

Bette Krutz wills her ability to skip school to John Brady and her speed to Lois Cutright.

Oma Scott Webb wills her long hair to Mr. Hanover and her ability to get what she goes after to Bobby Abbott.

To our teachers, the faculty of Kenney High School, we hereby give, free from all inheritance, luxury, or income tax, our entire store of knowledge. From them it came and to them it should be returned that others may be benefited by it as we have been.

We do hereby appoint as soul executor of this, our last will and testament, our class advisor, Mrs. Norma Needham.

In witness whereof we the class of 1951, the testator, have set our hand and seal on the 28th day of May, In the year of our Lord, 1951.

Prophecy of Class of "51"

Here it is-Alumni reunion time for the old graduates of Kenney High School. The class of 1951 has gathered together for the first time in twenty years, back where they used to have fun, Good Old Kenney High.

First off we meet Bette Krutz who has just made her third million as the owner of all the Woolworth stores in the United States. Bette started her career at the dime store in Clinton and gradually worked her way to the top. She lives in a swank apartment in New York and enjoys life as a career girl.

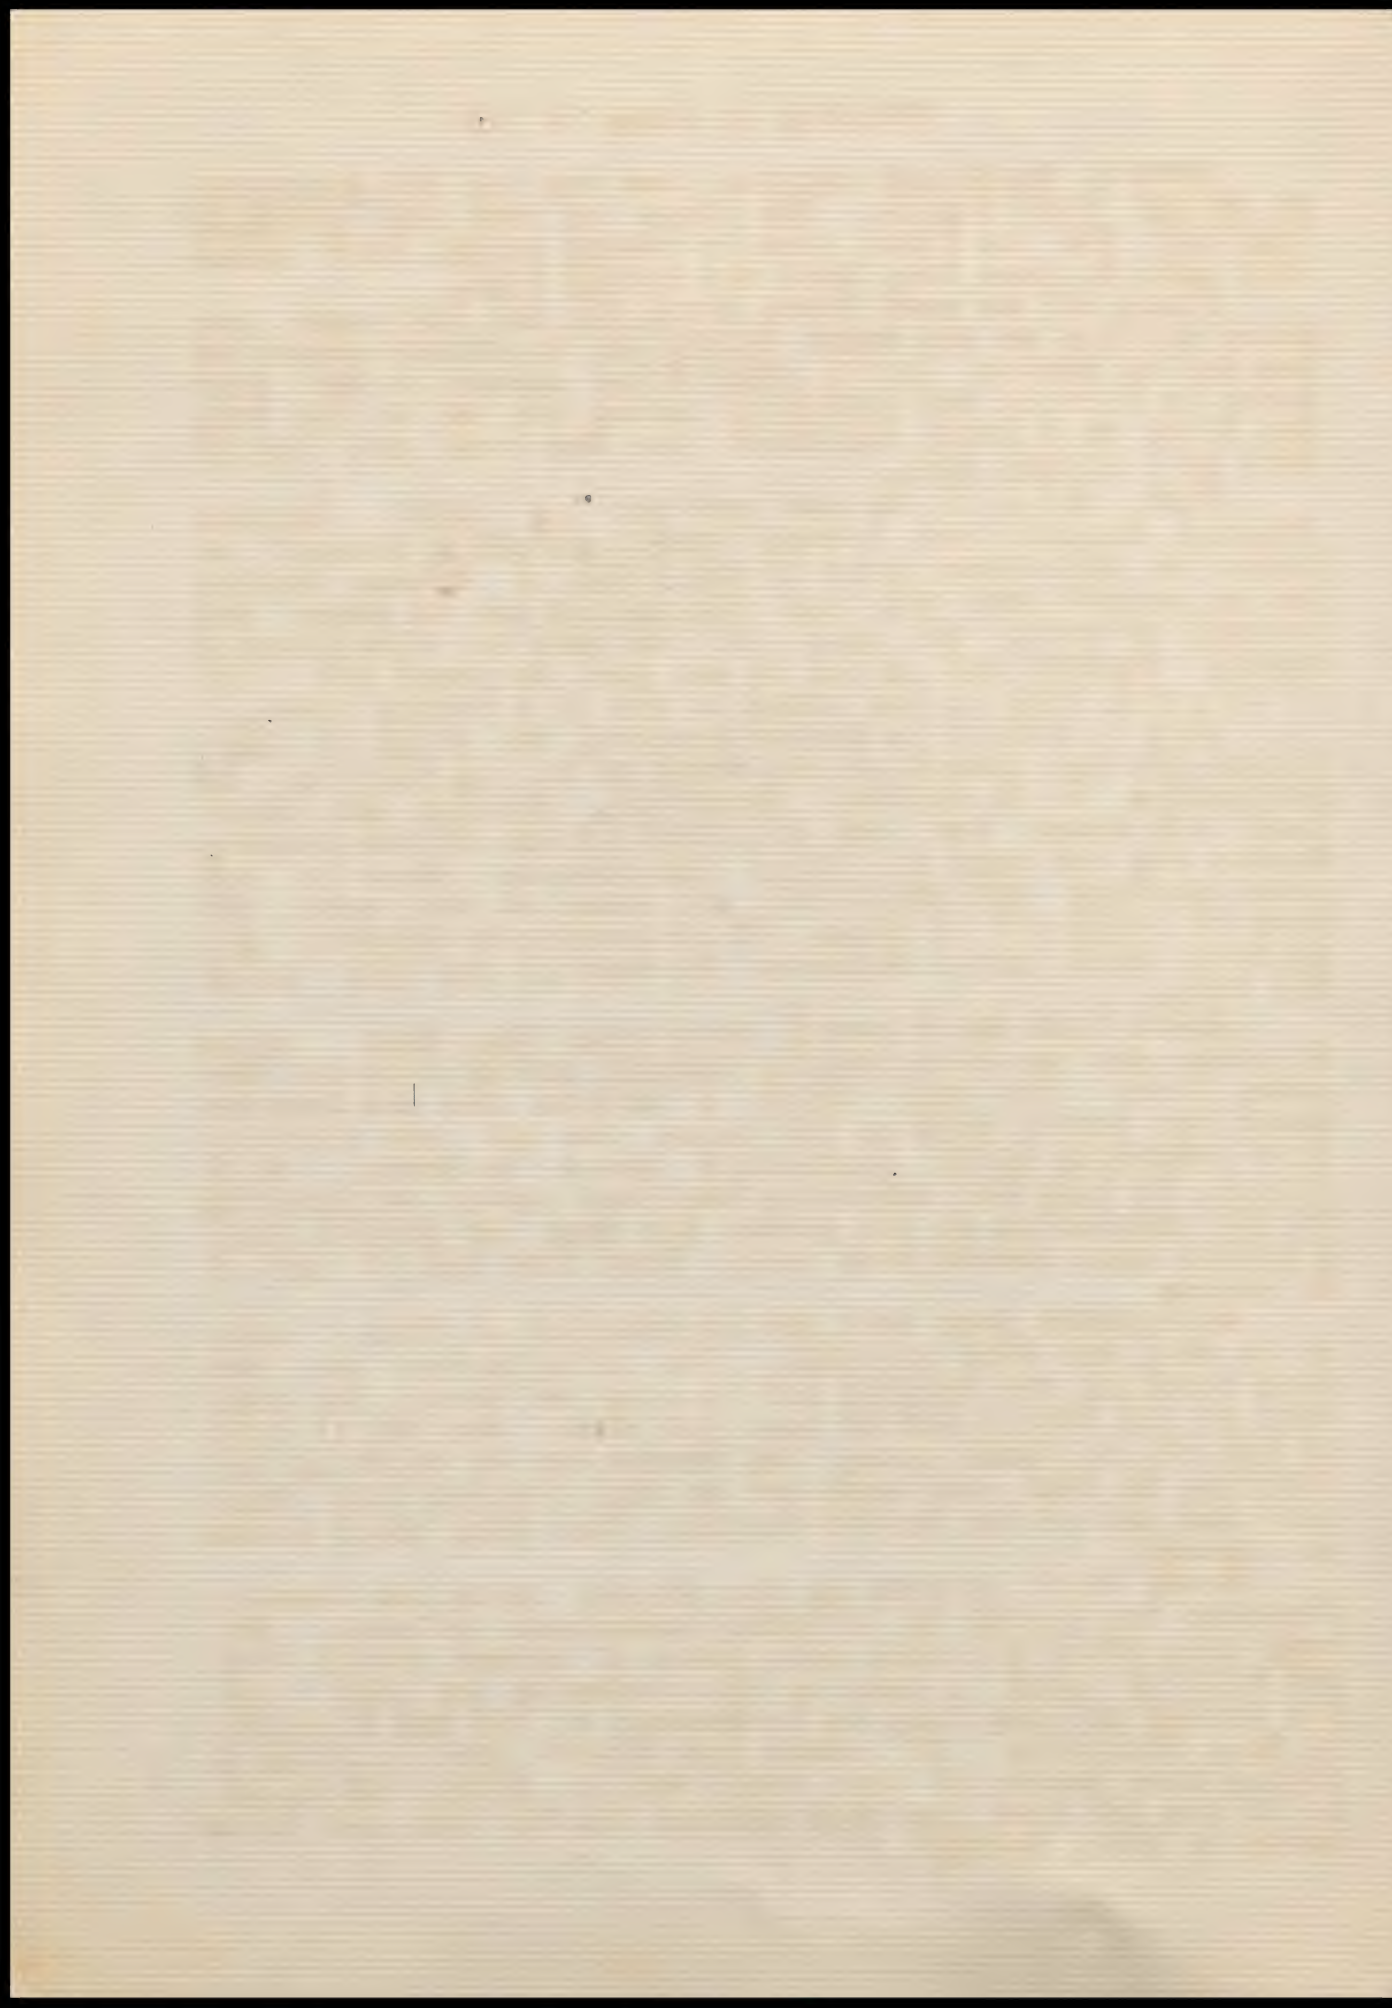

Then who is it we see next but the noted Raymond Peters! Raymond had a hard time persuading himself to leave his distillery down in the hills of Possum Holler but he hadn't seen his old classmates for 20 years and thought it would be nice to come back to civilization again. Raymond was jilted by the girl he loved and says he is going back to the hills to die of a broken heart.

Next to arrive is Wesley Spencer, who seems to have worked his way upward in the world as far as politics is concerned. He is butler, Chauffeur, doorman and right hand body guard for the president of the United States. Wesley has had many thrilling experiences since he has been guarding the president and likes to tell about the time he stood off a group of 20 bandits by himself and he never even got a scratch. He said he was only doing his duty.

Ah-ha look who's here! None other than Mary Mills. It seems she has been keeping herself pretty busy in the sport line. She says being a referee for the Amazons keeps her pretty well on the ball. She got her training from referring girls basketball games at Kenney High School. We hear her referring has been pretty satisfactory to the spectators at the games. She says the Amazons have a pretty good record this year. They have won 19 out of 20 games.

Well,,well just look who is toddling up this way. It is Mrs. Oma Webb herself. Oma tells us that she has been teaching the Eskimos how to sing and dance. She says that it has been a pretty hard job since she has 11 boys of her own to teach also. The reason she is teaching the Eskimos, is that her boys are so well behaved that they were run out of the United States. Just like their Mother you know!!

Betty Wurth appears on the scene!. Betty has finally finished her course at Illinois Commercial College. She says that after a couple more years of summer school that she will be ready to take up her wonderful job that she has waited so long for, as bookkeeper at the Rau Elevator in Rau, Illinois. It seems they didn't mind waiting a couple more years, if that would educate Betty well enough to do the job that has been waiting for her for some time. Lot's of luck, Betty.

Prophecy of Class of '51"

Just in from Sweden is Mr. Gene Carlson. He tells us that he is married and has a 6,000 acre rice farm. But of course we can only take his word for it. Knowing Gene and all. He tells us that he went to Sweden with his Dad for a visit in 1952, and liked it so well that he bought his farm. He also met his wife over there, who came home with Gene and his Dad. But after being back over here for awhile they both decided that they would just have to go back to Sweden to live, so now they are both very happy.

Well, it looks as if Robert Monts made it after all. He just got back from the Sahara desert where he has 2000 Arabs working for him, trying to find a good spot for a Marathon station. He said that since he has been doing a pretty good business here in the U. S. that he would try his luck elsewhere. He says that doing it this way, he can get caught up on his sleep that he has missed for years.

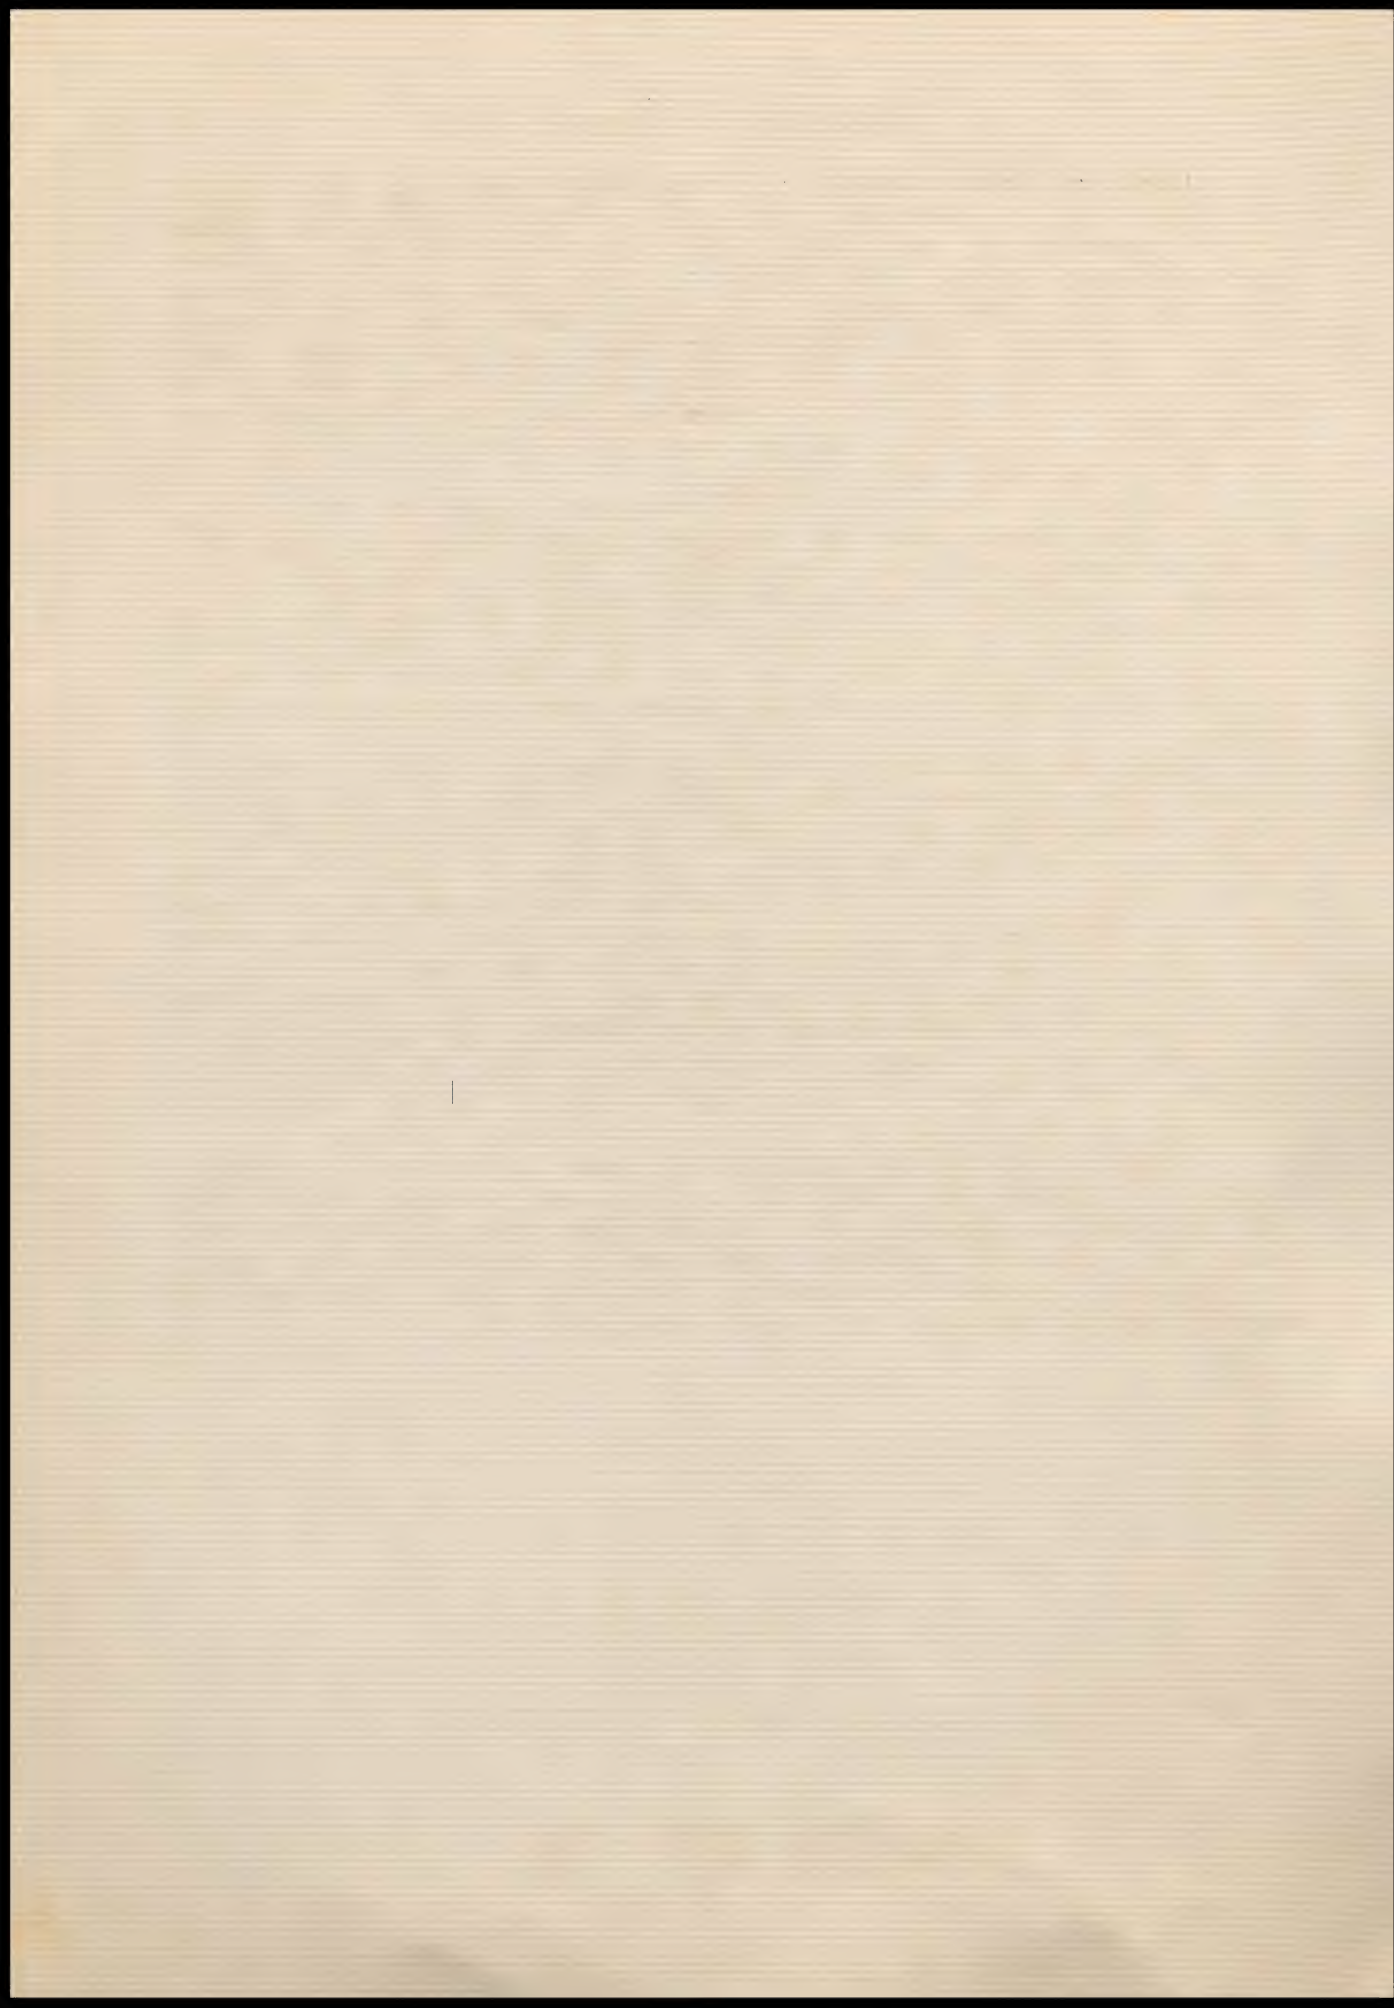

Look who is coming, late as usual. But it is that ardent fan of Kenney High School. You all know who I mean, the former Jo Ann Todd. Jo Ann married the famous Jack Foley of the Air Corps. Notice Jo Ann's stunning hair style. A crew cut! remember how Jo Ann adored crew cuts in school. Well, she decided to start the fad among the fairer sex. Startling to say the least!

Enters: Mrs. Joyce Simpson and her famous husband who is stationed at Blair House at Washington D. C. Mrs. Simpson says that being a famous instructor's wife is very interesting. But even a 6 star general can't always find baby sitters, so they had to bring their 9 kids along.

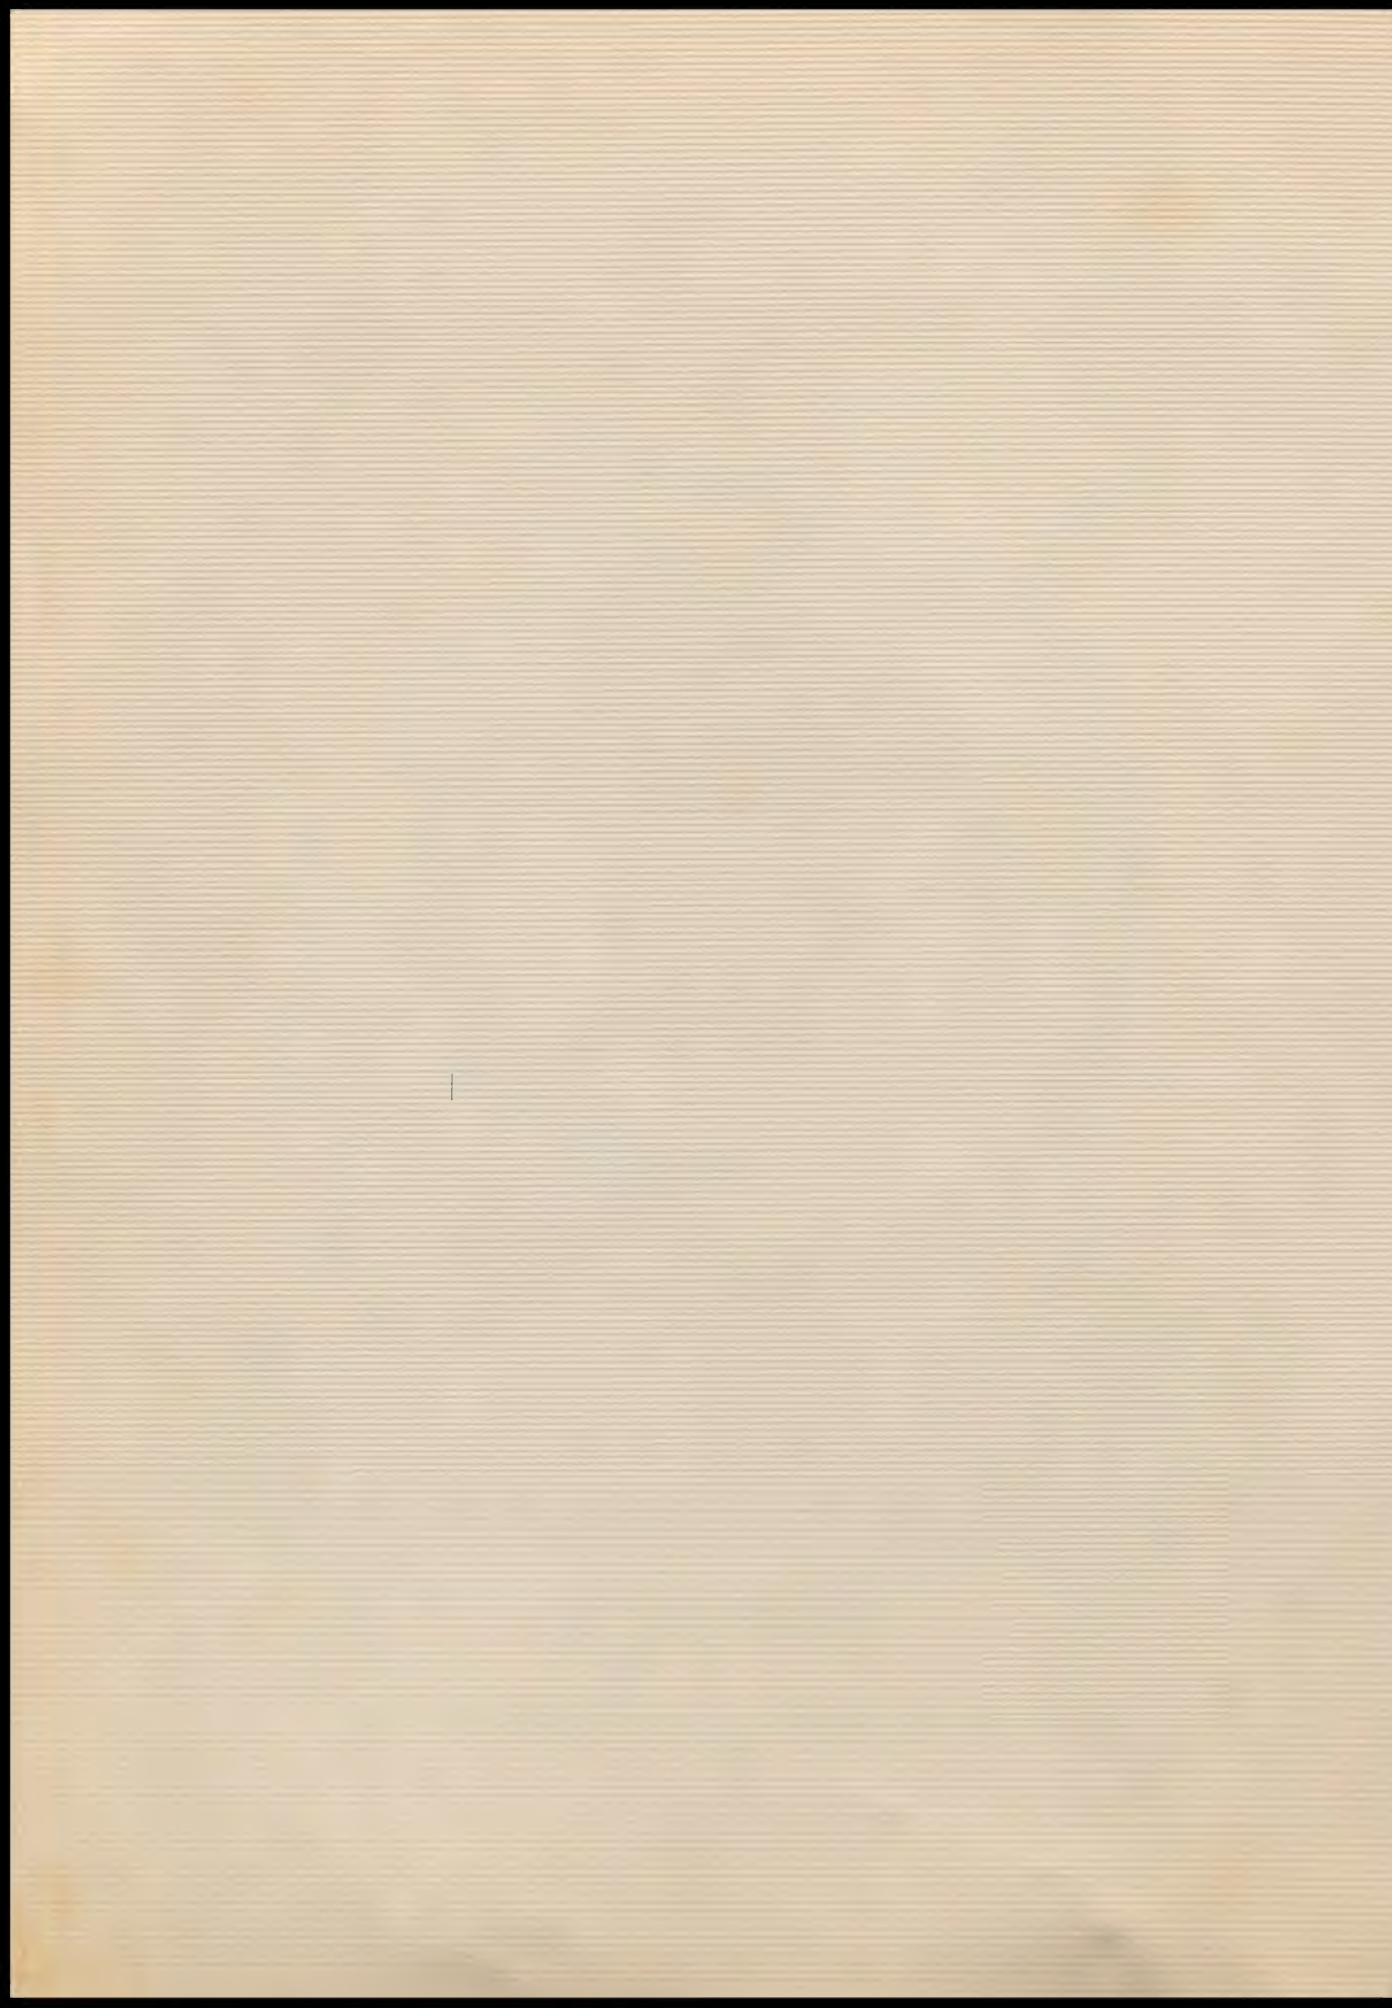

Since every good thing must come to a close, so must this. We have all enjoyed seeing and hearing about our old classmates again, and are hoping that in twenty more years we can all gather together in this same old spot. We had all looked forward to this for some time and it proved to be as much fun as we dreamed of.

The story centers around Rodney Wells, Jr., who has suddenly discovered muscles, girls, and prestige and the combination has him no little confused. He is firmly convinced that large biceps and notes delivered the "hard way" are necessary to win the heart of Doris Mansfield. The first thing is hit when Rod's best friend, Pete Thompson, accidentally delivers the note to Gwendolyn Todd, who rushes in to tell Rod how happy she is at a most unopportune moment. Then the most important night in Rod's life is almost ruined when he discovers his sister has raided his clothes closet on the eve of Doris' party. With Pete's able assistance they clean out his father's closet like a pair of famished moths. They finally depart out Rodney's bedroom window and Mr. Wells is left with a pair of old golf knickers, a white coat and an urgent nomination banquet the night before the election for the mayor of Portville. The results sound disastrous, and for a while Rodney considers the peace and quiet of a ranch out west. That is, until Pete delivers the evening paper and Gwendolyn arrives with a piece of pie.

To get down on your knees may be old fashioned,
but it makes the woman feel dominant.

Gee, you could have thrown me over
with a sneeze!

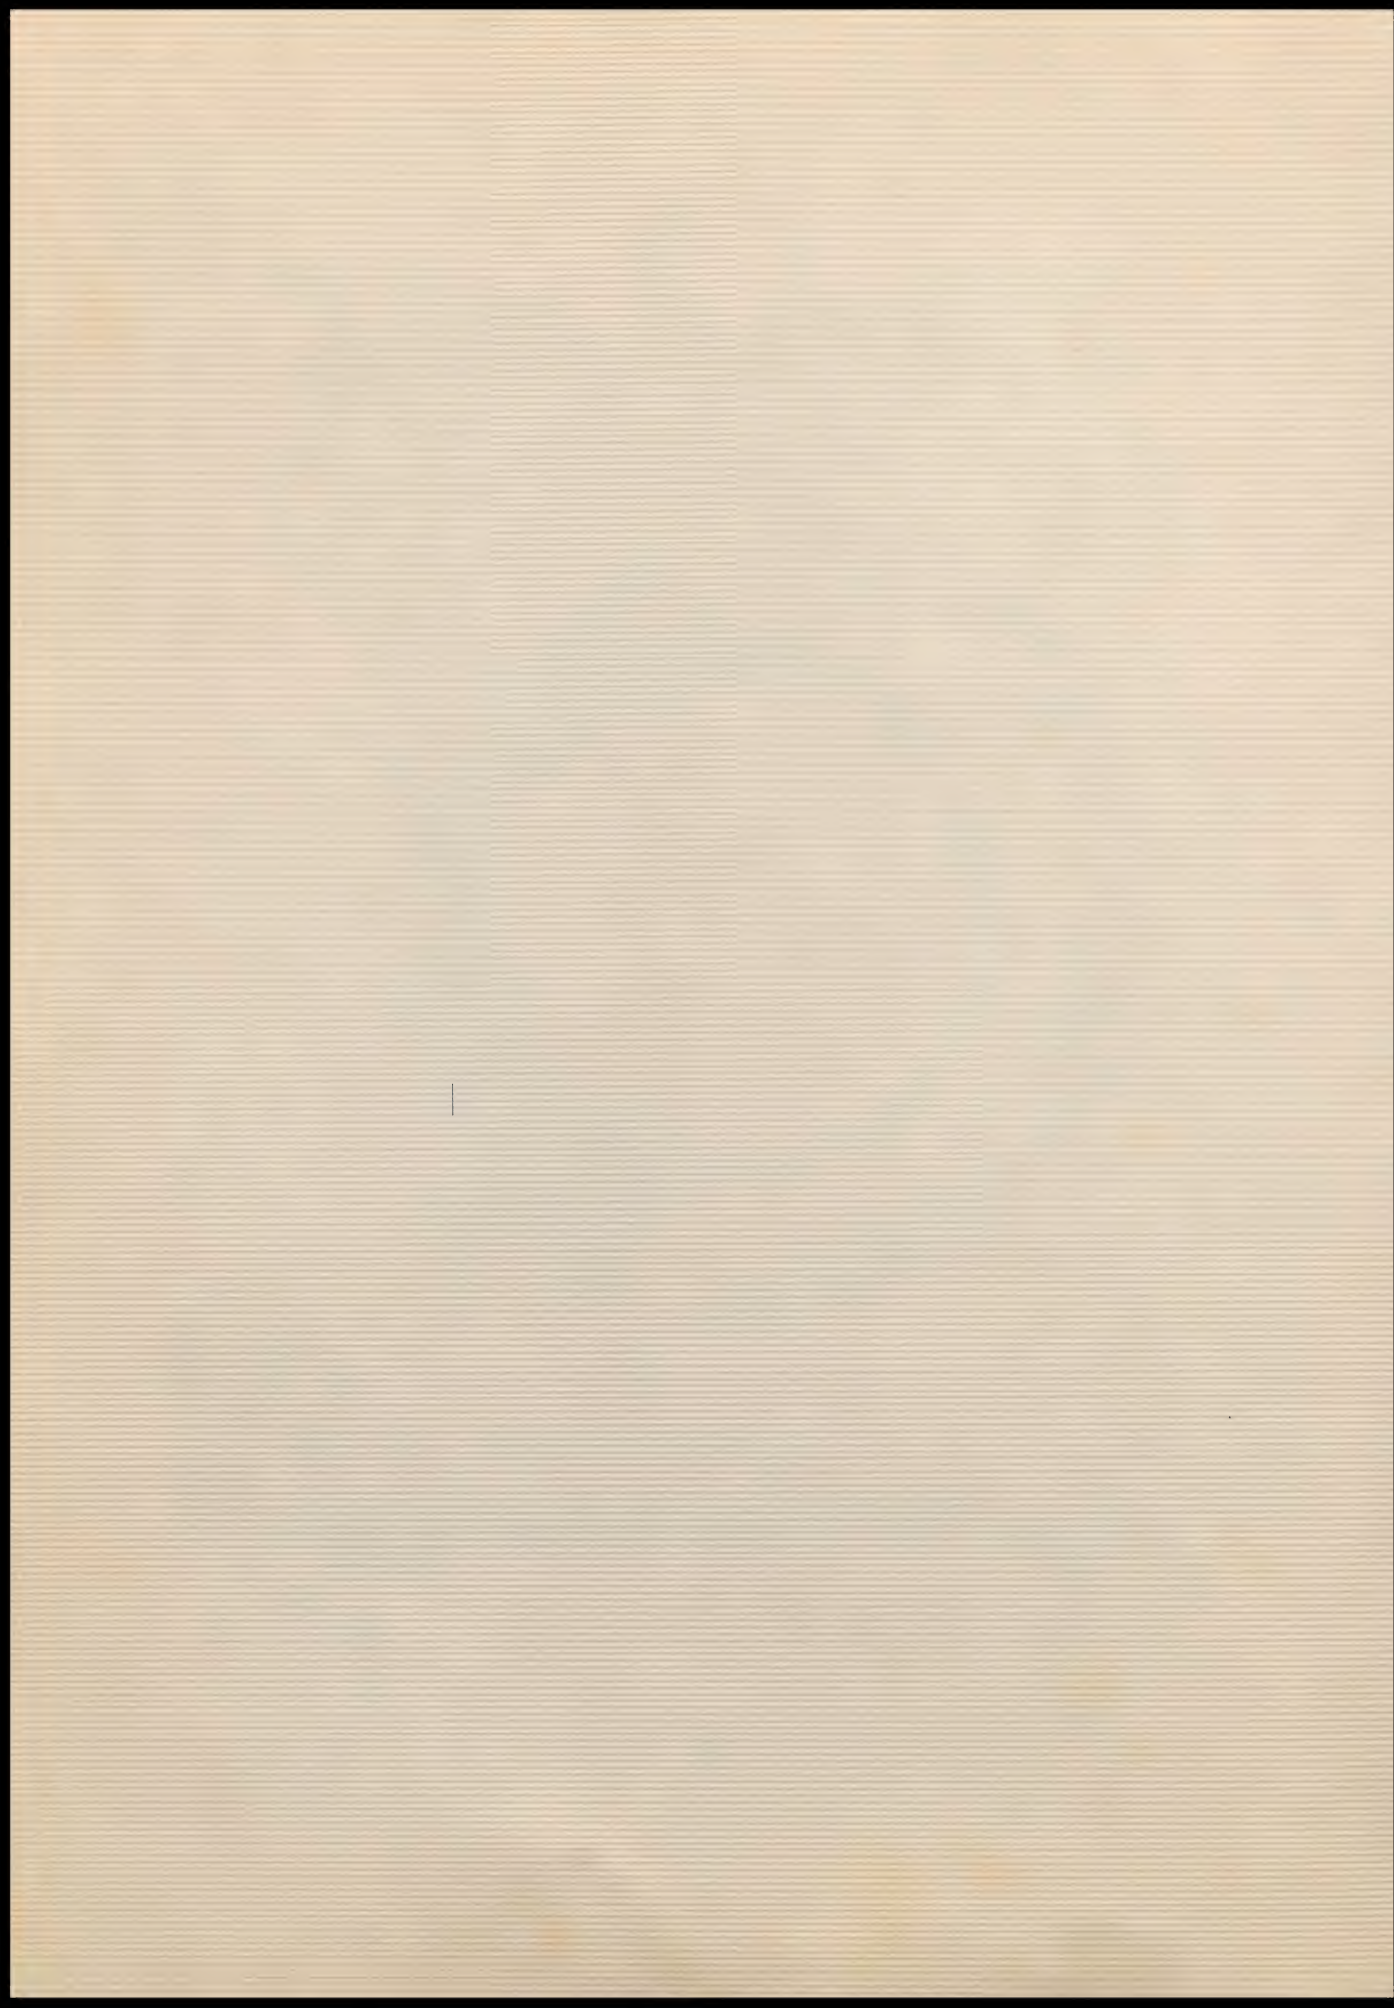

I don't come in the doors because
I save thirty-six steps by climb-
ing this tree. I counted 'em.

Doris is here to invite you to her party.

HORNETS BRING HOME TROPHY

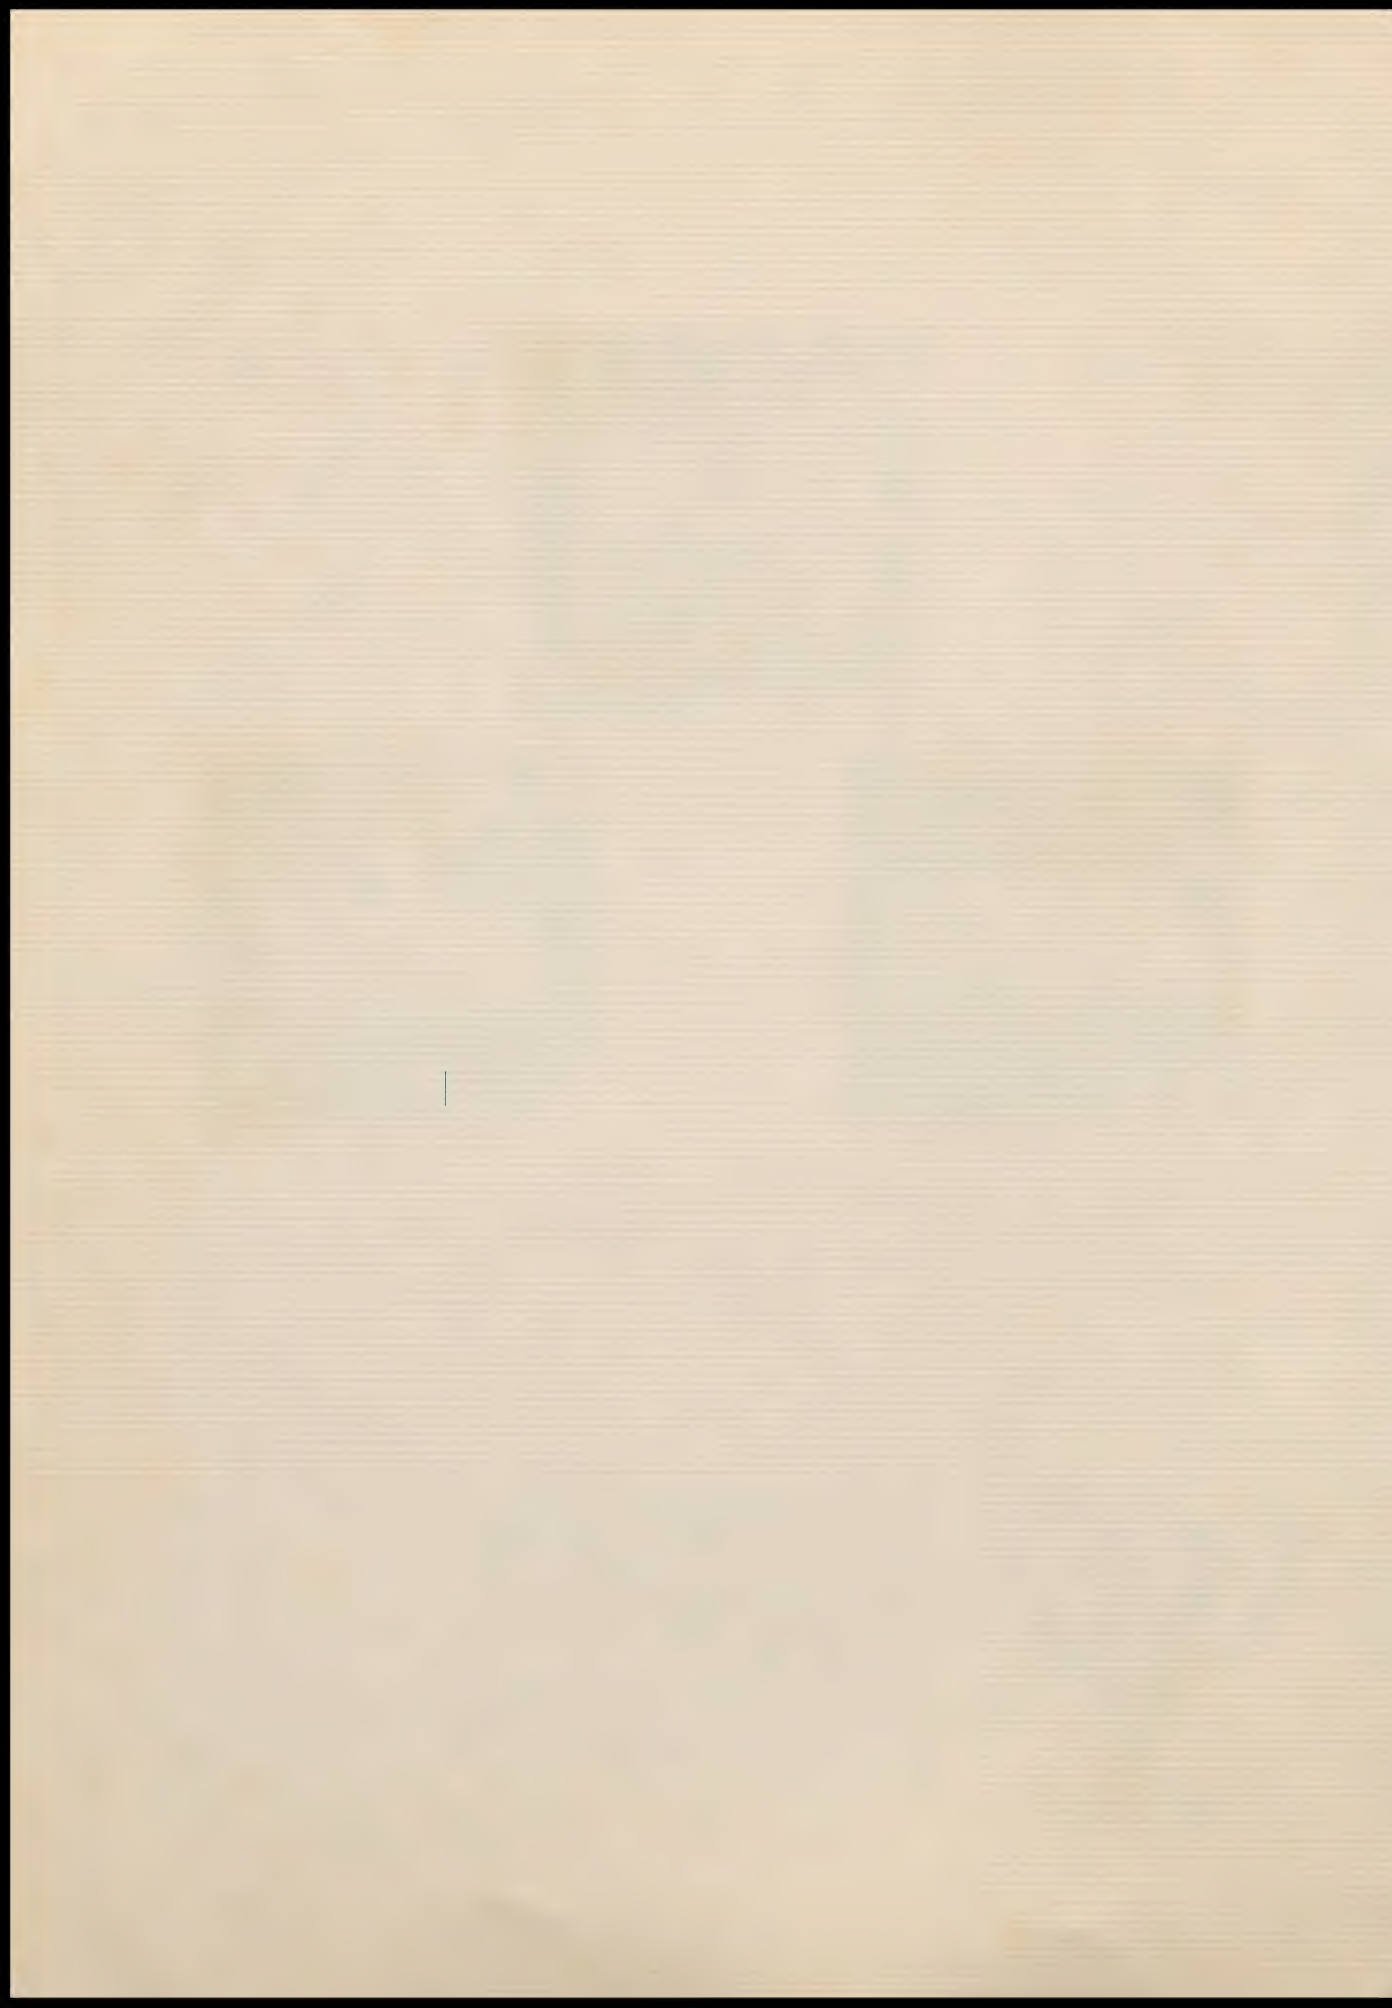

KENNEY WINS CONSOLATION AT GREENVIEW-ATHENS TOURNAMENT

The Kenney Hornets entered the Greenview Tournament on January 8, 1951 and dropped their first game 52-40 to a rugged Ashland crew. The following Wednesday, the Hornets tangled with Greenview and won easily 51-24 to gain the right to play in the consolation. In that game, Kenney played Waynesville, a conference foe, and defeated them 55-45 to bring home the trophy.

BASKETBALL

Gene Carlson-6'0"-181-forward-"Swede" scored 175 for the Hornets this year and was fourth to Johnson for the season. An adept passer and rebounder, "Swede" was a mainstay of the team. This was his second season as a regular and is a senior.

Eldon Johnson-5'10"-158-forward-"Doon" was top scorer for the Hornets this year with 294 points. He was invaluable in getting the ball up the floor, and was an equally good rebounder and passer. This is also his second year as a regular and is a sophomore.

Raymond Peters-6'1"-185-center-"Ray" dropped in 241 points for the Hornets this year. His strong rebounding was an important factor in each game we played, and he also could pass the ball. This is his first year as a regular as he was ineligible last year. He is a senior.

Wesley Spencer-5'7"-130-guard-"Spraggie" was a clever dribbler and a good ball handler. He specialized in long shots and driving lay-ins. He was a good rebounder for a small man. He scored 181 points to place third in team scoring. This is his second and last year as a regular as he is a senior this year.

Robert Monts-5'9"-150-guard-"Bobby" was the man who set up all the scoring plays. He proved that you do not have to be a heavy scorer to be a valuable player as he only scored 69 points. He was also a very good defensive player. He is also a senior playing his second year as a regular.

Dean Padgett-5'11"-130-"Weiner" was a very valuable substitute as he could play any position except center. He was a good scorer when called upon and was a fine rebounder. He scored 118 points this season. This is his first on the first squad as he is only a freshman.
